Just spoke to Tod and we decided it would be best to vet our **Ex. 5 AC/DP** through WLO and CCILo before going to David. I can just let him know we are working on them and will follow up with a half an hour very soon.

Sounds good. We can tee up the issue and if it seems like it's taking too much air time, we can suggest scheduling a separate meeting.
CCILo is invited, yes?
Thanks.

I called it "Florida assumption update" so we can talk about anything FL related!

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) but I will send it to you before 4:30 today. I apologize for the delay. Tod has reviewed. Is it ok if we run through the options with David at Reg Review briefly? (None of them are very good.) Or would you prefer that we take more time to discuss internally within WLO. Again, I'm sorry not to have given more lead time.

Hi there – I got this question from Kathy:

On another note, yesterday I received a call from USFWS in FL wanting to talk about the elevation process USFWS is trying to work out with FDEP. Alexis have you recently talked to them? Hoping you and someone from the region might be available to talk with them jointly sometime this week. He did not leave much info just wants to understand

Ex. 5 AC/DP

Ex. 5 AC/DP

Happy to call him back and get the specific questions so we can call together or better yet just set up a joint call. - Kathy

I was thinking about asking David at reg review if he's heard anything from the Solicitors office since our call a few weeks ago. They were supposed to get back to us but this is the first I've heard about the elevation procedure since that call. Should I put it on the agenda?

Thanks,
Alexis
